

The Oak

Console

Prime American White Oak finished with durable semi-matt Osmo wax-oil.
Open frame gives a light, airy feel while rear conduits hide unsightly cables.
Modular construction for ease of transport. With removable table leaves, keystack and pedalboard, these consoles will go up stairs and take up about as much room as a digital piano.
Full size oak bench with ergonomic footrest and curved front edge.

Midi Hardware

Four new 61-note Fatar TP6 keyboards with simulated tracker touch.
68 programmable thumb pistons mounted on reinforced rails.
Reconditioned oak pedal board (detachable).
Three oak swell pedals with adjustable tension. Ultra-durable potentiometers.
Five Taylor brass foot pistons.
Two 32-character MIDI information screens. White text on black background (OLED).
Bespoke USB MIDI interfaces built around multiple Atmega32U4 processors.

Touchscreens

Two 22-inch HD touchscreen liyama monitors mounted on rigid, adjustable stands. Cables run discreetly through stands into table.

Audio Hardware

Headphone out socket located underneath keyboard shelf. Optional Audio pack consisting of Focusrite Scarlett 4i4 Interface and pair of Behringer Truth B2031A powered speakers. Audio pack includes balanced cables, sockets, plugs and installation. Advice on surround setups and high-end audio setups can be given according to budget, but the Behringer speakers are considered best 'bang-for-buck'.

Optional computer pack includes custom mATX PC built into the casework, optimised for real time audio and super-fast sample-set loading. ASUS motherboard, i7 265KF processor, GT1030 graphics and silent Noctua cooling. BeQuiet 550W power supply. 64GB RAM (upgradable to 128GB) and 2TB NVMe drive. Built in Wi-Fi & Bluetooth. Wireless keyboard and mouse. Windows 11 Pro optimised for real-time audio. Demo version of Hauptwerk Virtual Pipe Organ software. The user is expected to supply their own Hauptwerk licence for ongoing use. A collection of demo versions of popular organ sample sets is also included, configured for use with the console.

Power

Built-in 5-gang remote-controlled power distribution, allowing more flexible control of audio and lighting than a single button power sequencer. The remote acts as a key for use in public spaces.

Lighting

Independently switched recessed LED light strip for pedalboard. Optional music desk light.

Delivery

Free within 2hrs off-peak drive of Gloucester, UK (each way). Beyond this, mileage will be charged by agreement. Clients are expected to help with unloading.

Installation

Including assembly, demonstration of Hauptwerk features and tutorial on piston setup.

Warranty

You'll get an initial snag visit should any problems come to light after installation. After this, travel expenses will apply. This warranty does not include 3rd party electronics, accidental damage or malfunction due to mistreatment or wear and tear.

Payment

For private clients a deposit of £1500 will be payable by BACS. Balance on delivery. Institutions will provide a Purchase Order in lieu of deposit.

Lead times

Please enquire for current waiting list estimate.

Delivery will only be arranged on completion of the console.

Overseas purchases

Unfortunately I am unable to deliver or arrange freight outside mainland UK.

Dimensions

Height 160cm to top of desk light.

Width 142cm at table height.

Depth 61cm (table) or 90-120cm with pedalboard (depending on pedalboard used).

About

Forest Organs is based in the Forest of Dean near Gloucester.

The aim is to provide high quality instruments that also look fabulous as furniture.

Consoles are typically manufactured using a mix of new and meticulously reconditioned parts.

In this way best value can be achieved without compromising reliability, playability or finish.

Commissions are welcome. Please email for further information.
